## DEFINITIONS

- **PCTPA and FALUC fees:** Review fee for projects within airport overflight zones. These fees are processed as a separate check made payable to the appropriate entity. *The Placer County Transportation Planning Agency (PCTPA) handles the Auburn, Lincoln, and Blue Canyon Airports. The Foothill Airport Land Use Commission (FALUC) handles the Truckee Airport.*
- A **Major Project** is defined as a residential project of 100 or more units or a commercial/industrial/recreational project of 10 acres or more. Included are EIRs, SUBs, CUPs, etc. A minimum fee is required equal to the base fee for the necessary entitlements. Additional costs will be determined by actual hours spent reviewing the project. Charges are initiated upon filing of the first environmental document and conclude upon recording of a final map or obtaining a building permit.
- A **Major EIR** is an EIR done on a major project.
- A **Minor Addendum EIR** is an Addendum EIR done on a residential project of less than 50 units, or a commercial or industrial project on less than 10 acres.
- A **Subpoena Fee** is required if a County employee is involved in an official capacity, but the County is not a party in the litigation.
- **Combined Applications** may be entitled to special fees (see "Combining Application Fees").
- A **Minor Modification** is a proposed modification determined by the Planning Director to not be a substantial change in the proposed project or conditions (eg. a second residential unit (adding square footage), and possibly changing a condition on an approved project.
